Student Internship Request Form
(To be filled by requesting organization)

Name of University: Addis Ababa University
Contact Person: Samuel Getachew
Email: samuel.getachew34@aau.edu.et
Telephone: +251-985-093-183

Name of Student: Yohannes Belay
Year of Study: Third Year
Email: johannes.woldeyes@gmail.com
Telephone: +251-945-254-184

Length of internship (months): 3 - 6 months

Proposed start date/month: July 01, 2024

- **Briefly explain the purpose of the requested internship.**

The purpose of this internship at ILRI for ICT support is to gain practical experience in ICT, enhance their technical skills, and apply academic knowledge to real-world challenges. It will allow the interns to contribute to ILRI's mission by ensuring efficient ICT operations and support. This opportunity will foster professional growth through guidance from experienced professionals, develop their problem-solving abilities, and improve their teamwork, time-management, and communication skills.

- **What are the expected learning outcomes from the requested attachment?**

Gain hands-on experience in configuring, monitoring, and troubleshooting network infrastructure; develop skills in managing operating systems, servers, and IT components; learn to diagnose and resolve hardware and software issues; apply theoretical concepts to practical scenarios, enhancing problem-solving abilities; experience teamwork and collaboration in a professional ICT setting; learn industry best practices and protocols to maintain secure IT systems; and contribute to ILRI's research and administrative functions through efficient ICT support.

- **List five key activities that you expect the student to undertake while at ILRI as a contribution to the stated learning outcomes.**

1. **Network Configuration and Maintenance:**
2. **System Administration Tasks:**
3. **Technical Support and Troubleshooting:**
4. **IT Service Management:**
5. **User Training and Documentation:**

Signed and Stamped
